EDUCATION

Bachelors of Arts New Jersey Institute of Technology | Sept 2021 - May 2026

- First year: explored media and arts through both digital and physical creative work.
- Second year: focused on modeling and game asset design.
- Third year: developed skills in UI/UX principles, VR game creation, video editing, and CGI-based simulated environments.
- Fourth year: completed interdisciplinary projects with architecture and interior design, while also working with motion capture.

VOLUNTEERING

Volunteer Content Creator & Youth Leader BAPS | Sept 2017 - Present

- Created content featured in nationally broadcast programs.
- Supported live events through setup, production, and post-event breakdown.
- Supervised and guided a motivated group of high school and university students, strengthening leadership and encouraging active participation in the community.
- Organized and facilitated weekly learning sessions and sabhas on Hindu philosophy, character development, and practical life skills for students of all ages.

Akshardham Volunteer BAPS Swaminarayan Akshardham, NJ | May 2022 - Sept 2023

- Contributed to a historic project, taking part in the construction of a one of its kind landmark.
- Worked across multiple teams, including stone cutting, preparation and carving.
- Gained valuable hands-on experience that expanded my perspective and introduced me to work I would not have otherwise encountered.
